

Sport Diving Medical Declaration

New divers should not commence diving training and existing divers should not dive until they have completed this medical declaration or had a medical examination confirming fitness to dive.

Fees for a medical examination are the responsibility of the diver.

NOTES TO DIVER: It is necessary for members of the above organisations to complete this form annually on renewal of membership. Exceptional fitness is not essential; both men and women can dive safely provided they are reasonably fit. If you have any queries then please contact a UKDMC Medical Referee (listed on <http://ukdmc.org>).

IMPORTANT – FAILURE TO DECLARE A MEDICAL CONDITION COULD INVALIDATE YOUR INSURANCE. YOU MUST DECLARE ANY MEDICAL PROBLEM PAST OR PRESENT OR ANY CHANGE IN HEALTH AS THIS MAY AFFECT YOUR FITNESS TO DIVE.

IF YOU THINK YOU MAY BE PREGNANT OR ARE TRYING TO GET PREGNANT SPEAK TO A UKDMC MEDICAL REFEREE ABOUT THE IMPLICATIONS FOR DIVING

Divers answering 'Yes' to any question above must seek advice from a UKDMC Medical Referee. Please be aware that many UKDMC Medical Referees are in full time employment so allow a reasonable amount of time for your enquiry to be processed.

Only page 1 is required for divers answering No to all questions - if answering Yes complete pages 2 and 3 which can be downloaded from ukdmc.org
